contactindustry@souriau.com (Europe - Asia - Africa)
technicalsupport@souriau.com (North America)
Typical Applications
SOURIAU products are designed and manufactured to withstand the challenges and diversity of harsh environment Off-Road applications. Vehicle and equipment manufacturers trust in SOURIAU as their reliable yet easy-to-use interconnect solution for applications ranging from critical core engine functions to on-board assistance systems, peripherals and accessories.

SOURIAU Technical Solutions
Unrivaled Physical, Chemical and Mechanical resistance.

- **Waterproof & Prevents Mud & Dust Ingress**
  Dynamic IP68/69K Mated/Unmated

- **Reliable All-in-One Solutions**
  Mixed Signal/Power (Ethernet, CAN Bus compatible)

- **Secure & Quick Locking**
  1/3 turn Latching or Latching

- **Easy Factory & Field Assembly, Installation or Maintenance**
  Flexible conduit adaptors, single wire sealing, overmolds, screw terminations

- **Resists Repetitive Mechanical Stress & Impacts**
  Shock & Vibration-proof Design

- **Prevents Contact Damage During Mating**
  Scoop Proof Design

- **Long Outdoor Life Expectancy**
  UV & Corrosion Resistance
